

9110-9F-P

DEPARTMENT OF HOMELAND SECURITY

Docket No. DHS-2019-0008

Next Generation First Responder (NGFR)

AGENCY: Science and Technology Directorate, Department of Homeland Security.

ACTION: 30-Day Notice of Information Collection; New request for comment.

SUMMARY: The Department of Homeland Security (DHS), Science and Technology Directorate (S&T) Next Generation First Responder (NGFR) program seeks to develop and integrate next-generation technologies by testing and evaluating first responder technologies during integration demonstration events. During these events, first responder participants use prototype technologies in a fictional scenario—such as a missing person case, an active shooter event, or a chemical spill—and are asked to share their feedback on how the technology worked in the context of their emergency response to the scenario, including whether the technologies made them more effective, efficient or safe.

The information collected during these events will help provide insight about how to improve technologies for first responders and will help DHS define whether or not the event was successful. Additionally, the feedback and evaluation DHS receives will be used in knowledge products that will then be distributed to other state and local first responder organizations.

DATES: Comments are encouraged and accepted until **[INSERT DATE 30-DAYS AFTER DATE OF PUBLICATION IN THE *FEDERAL REGISTER*]**.

ADDRESSES: Interested persons are invited to submit written comments on this proposed information collection to the Office of Information and Regulatory Affairs, Office of

Management and Budget. Comments should be addressed to the OMB Desk Officer, via electronic mail to dhsdeskofficer@omb.eop.gov.

FOR FURTHER INFORMATION CONTACT: DHS/S&T/CIO Program Manager: Mary Cantey, Mary.K.Cantey@hq.dhs.gov or 202-254-5367 (Not a toll free number).

SUPPLEMENTARY INFORMATION: DHS, in accordance with the Paperwork Reduction Act (PRA), 44 U.S.C. §3501 *et seq.*, provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. DHS is soliciting comments on the proposed information collection request (ICR) that is described below. DHS is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology? Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Next Generation First Responder Technology Evaluation Survey

Type of Review: New

Respondents/Affected Public: Law Enforcement, Firefighters

Frequency of Collection: Quarterly

Average Burden per Response: 15 minutes

Total Estimated Number of Annual Responses: 900

Total Estimated Number of Annual Burden Hours: 225

Dated: February 14, 2019.

Rick Stevens,

Chief Information Officer,

Science and Technology Directorate.
